(1) (a) Except as otherwise expressly provided by law, coal and mineral deposits in state-owned lands are reserved to the state. Each certificate of sale and patent issued shall contain such a reservation.

(b) The purchaser of any lands belonging to the state:

(i) acquires no right, title, or interest in coal or mineral deposits; and

(ii) is subject to the conditions and limitations prescribed by law providing for the state and any person authorized by it to:

(A) prospect or mine;

(B) remove the deposits; and

(C) occupy and use as much of the surface of the lands as may be required for any purpose reasonably incident to the mining and removal of the deposits.

(c) Improved farm lands acquired by the state through foreclosure proceedings or conveyed to the state by deed in satisfaction of farm loan mortgages may be sold by the state without mineral reservations.

(d) Coal and mineral deposits in state-owned lands may not be sold but may be leased on a rental and royalty basis.

(2) Except as otherwise prohibited by the Jones Act of January 25, 1927, 43 U.S.C. Sections 870-871, mineral interests in state-owned lands may be exchanged for mineral interests of comparable value or otherwise disposed of, if their retention would create a liability exceeding their value.

(3) (a) Salts and other minerals in the waters of navigable lakes and streams are reserved to the state and may be sold by the division only upon a royalty basis.

(b) A contract for the recovery of salts or minerals from navigable waters shall be subject to the use of the waters for public purposes.

(i) an application for the appropriation of water for that purpose has been filed with the state engineer; and

(ii) the application is pending or accepted in that office.

(4) Common varieties of sand, gravel, and cinders are not considered to be minerals under this section. Common varieties do not include deposits which are valuable because the deposit contains other materials giving it distinct and special value.

- (3) A notice of the land available for leasing shall be posted in the office of the division. The notice shall:
  - (a) describe the land;

- (7) Following the awarding of a lease to a successful bidder, deposits, except filing fees, made by unsuccessful bidders shall be returned.
- (8) (a) Lands acquired through exchange from the federal government shall be subject to the vested rights of unpatented mining claimants under the Mining Law of 1872, as amended, and other federal vested rights, both surface and minerals.
  - (b) This provision does not prevent the state from negotiating the accommodation of vested rights through any method acceptable to the parties.
- (9) The division may lease lands in the order in which applications are filed if:
  - (a) the division offers newly acquired or existing state lands for lease for mineral purposes according to the procedures in Subsections (3) through (6) and the lands are not leased; or
